The Kamen Case

The attempt to subvert the true purpose of the Peace Corps and turn that organization into a junior CIA is under way. The latest blast of right-wing reaction is directed against Charles Kamen, Peace Corps trainee, who demonstrated against the widely discredited film, "Opera-

tion Abolition," and who has been attacked by members of Congress hoping to obtain his dismissal from the Corps. Needless to say, these same Congressmen have shown little enthusiasm for the Peace Corps itself, which they consider a breeding ground for liberals. But their strident attacks have worked ill for Charles Kamen. As reported in The Post, he is to be barred from the Corps because his Americanism is deemed insufficient by his local draft board. J.
